The director of *The Banshees of Inisherin* is back with a hilarious dark comedy as we begin another week full of drama, laughs, thrills and adventure at DCA Cinema. Martin McDonagh's ***Wild Horse Nine*** stars John Malkovich and Sam Rockwell as CIA hitmen on holiday in Easter Island, pondering life's big questions like mortality, revolution, and body counts with his trademark blend of wit and pathos.

Wicker continues, with more screenings added for the hilarious folk magic romance starring Olivia Colman and Alexander Skarsgård. There's more time to catch Robert Pattinson in gripping thriller ***Primetime***, and we've brought back audience favourites ***Wildwood***, ***Ghosts: The Possession of Button House*** and ***NAZA*** for more shows.

Plus, **Discovery Film Festival** continues, featuring the best new family films from around the world plus free creative activities! Tickets are Donate What You Can, from £0 to £8, with short films for different age groups, beautiful feature films, and our Young Programmers selection: electric and inspiring musical drama ***Congo Boy***.
