

We venture to places unknown at DCA this week. In ***Star Wars: The Mandalorian and Grogu*** we are transported to a galaxy far, far away for an adventure directed by Jon Favreau and starring Pedro Pascal as legendary bounty hunter Din Djarin.

If you're not careful, you could end up in the ***Backrooms***. Directed by Kane Parsons and starring Chiwetel Ejiofor and Renate Reinsve, this film is based on a web series set inside an infinite labyrinth of space with the stink of old moist carpets, the constant hum and clink of fluorescent lights and endless yellow walls. We have an extra special ***Dundead: Backrooms*** screening on 29 May featuring an introduction from Dundead programmer Michael Coull.

We're also thrilled to kick off Pride month with the first of our film season in partnership with Dundee Pride – ***The Birdcage***. This sparkling 1996 comedy features an all-star cast led by Robin Williams and Nathan Lane, and is packed with great music, big laughs and plenty of Miami sunshine. Visit our website for more about the season, including our next film, ***Portrait of a Lady on Fire***, restored in stunning 4K.
