

It's a world of wonder at DCA this week as we're transported around the globe for some amazing cinema.

Ancient Greek epic **The Odyssey** was filmed all over the world and sees Matt Damon starring as King Odysseus on a mythic journey. See it in digital, 35mm or both! **The Last One for the Road** takes us to Italy for a roadtrip drama through the Venetian plains - expect eccentric characters, bad advice, hangovers, and unexpected friendship.

Selected by Adrián Balseca as part of his exhibition *In the Forest Ruins*, **Embrace of the Serpent** takes place in the Amazon over 40 years as a shaman and two scientists search for a sacred healing plant. And Disney's live-action **Moana** sees Dwayne Johnson reprises his voice-role from the original film to star as Maui, the infamous demigod that travels with Moana on her voyage across the waves. For more enchanting Moana fun we have **Sing-Along** screenings, where you can really get swept away by Lin-Manuel Miranda's award-winning songs.

Fri 24 - Thu 30 July

The Odyssey (15, 2h52m)

Director Christopher Nolan adapts Homer's Ancient Greek epic. Odysseus faces a treacherous voyage back to his Kingdom of Ithaca after the Trojan war. Showing at DCA in both digital and glorious 35mm film.

The Odyssey

Taxi Driver (50th Anniversary, 4K Restoration) (18, 1h54m)

Martin Scorsese's 1976 classic returns to the big screen. Set in New York, Robert De Niro stars as a veteran who becomes a nightshift taxi driver to alleviate the effects of his insomnia. But the seedy underbelly of the city only compounds his psychological dislocation.

Moana (PG, 1h55m)

The beloved animated adventure gets a live-action remake. Dwayne Johnson reprises his role as Maui and Lin-Manuel Miranda's songs are back as Moana (Catherine Laga'aia) answers the ocean's call and finds herself on an unforgettable journey.

Moana

Dundead: Reflection in a Dead Diamond (18, 1h27m)

A retired spy living a life of comfort in the French Riviera suspects his former adversaries have resurfaced when his neighbour vanishes, from there we see into his past of espionage, glamour, and violence. A stylistic homage to 1960s Eurospy thrillers.

Life Support (15, 1h33m)

Since October 2023 Gaza has been sealed from the world. While global media are barred and governments look away, international doctors breach the blockade. Covering two years of the genocide, their firsthand accounts and footage offer a vital chronicle of the daily struggles of healthcare workers in Gaza.
